From the Desk of the Director

As the months go by and our construction progresses, I receive more and more questions regarding Independent Living. So just what is Independent Living? Independent living is exactly that. A chance to remain independent with the comforts of home in your own apartment, yet trade in household chores and home maintenance for your well deserved retirement.

Independent Living allows you the choice on how you will spend your days. Will you join an exercise class? Attend a lecture in one of our beautiful gathering areas? Meet with friends and neighbors for dinner in the dining room? Or enjoy a glass of wine while reading a book on your private deck? You have endless options. These are just some of the amenities that are so appealing to the future residents of Prairie Ridge of Galena.

Prairie Ridge Independent Living will make life much easier by providing housekeeping, no cost maintenance in your apartment, your choice of two daily meals prepared by our chef, and transportation if needed. We will also have a concierge that will cater to our residents' needs. Need something picked up at the store? The concierge has got you covered! The best part is that this is all-inclusive! All utilities and amenities paid for under one monthly rental cost. No more writing out check after check!

There are so many great benefits to reserving your Independent Living apartment. If any these sparked your interest, it might be time you start exploring Prairie Ridge!

With kind regards,

Megan Kaiser

(Left Photo) The Front Entrance has really come together over the past month. The brick work on the outside is currently being completed. The brick will add beautiful accents to the entryway. The Prairie Ridge team carefully chose brick very similar to our neighbor, Midwest Medical Center .

(Above Photo) This will be the view of Prairie Ridge's "Main Street." This is located in the center of the building. The archway you see in the photo will take you to our lounge area. *(Right Photo)* The open space you see will be a seating area with beautiful views looking out the tower windows.

(Above Photo) Here you see a living room that is ready to be painted! The drywall has been completed in the East wing and painting has begun in the apartments!

(Above Photo) The bank of windows here outline the dining room from the back of the building.
